BOOK A DEMO TO FIND OUT HOW FAST

BLUETAIL® MACH 2 SEARCH

MACH 2 Search helps you save hours and days from the old way of sifting through paper. Get the right answers to stakeholders, shorten records research time before starting work and crush aircraft conformity process time.

BE IN THE KNOW

Quickly find documents, forms and serial numbers.

NO MANUAL TAGGING

Automatically makes your records text-searchable.

Machine Learning

Analyzes aircraft records data in real-time

EXPLORE FAST & DEEP

Find records faster with auto recognized filters.

RECOGNIZE HANDWRITING

Find signatures or handwritten notes.

SHARE & TAKE ACTIONS

Share, print or download search results from anywhere.

AUTO RECOGNIZES FAA FORMS

Auto recognizes common forms (8130-3s, 337s, etc.) and then virtually separates them from any document, adding/organizing them within new categories and to the visual timeline. Filter just by form type or view all no matter where the forms reside in the app. BOOM!
